

PROJECT SECOND CHANCE
Honorable Pam Derbyshire, CCCL #7
Harris County CSCD, Harris County DA's office and The Landing

JUNE 12, 2018

PRESS RELEASE:

Judge Pam Derbyshire, in collaboration with the Harris County District Attorney's Office, Harris County Community Supervision and Corrections Department (adult probation) and The Landing, a daytime drop-in center where survivors of sexual exploitation receive assistance and social support, have launched a program for clients, age 25 or above, arrested for Prostitution (2nd). Employing evidence-based best practices that have proven to be successful, the program provides an alternative to incarceration by placing the defendant on a pretrial diversion for 120 days. The participants will receive case management and trauma-informed therapy as needed, provided by the clinical staff at Harris County CSCD. In addition, they will complete a four-session class through The Landing. Judge Derbyshire will provide judicial oversight and support through individual interaction outside of the traditional court atmosphere.
